AIR FREIGHT

OUR MAIN LOGISTICS ADVANTAGE

One of our strongest competitive advantages is our international air-freight network from Ecuador and Colombia.

We have access to highly competitive air-cargo rates to destinations worldwide, providing fast and flexible solutions for fresh and highly perishable products.

AIR FREIGHT ADVANTAGES

- Highly competitive international air-freight rates
- Worldwide destinations
- Departures from Ecuador and Colombia
- Direct-flight options whenever available
- Connecting-flight alternatives
- Multiple airline and cargo-carrier options
- Priority handling for perishables
- Fast international transit times
- Cold-chain coordination
- Airport-to-airport logistics
- Door-to-airport solutions
- Consolidated shipments
- Large-volume shipments
- Charter solutions for major programs
- Weekly export programs
- Recurring supply programs
- Specialized handling of fresh produce

WHY AIR FREIGHT?

Air transportation allows us to provide:

- Maximum product freshness
- Longer remaining shelf life upon arrival
- Rapid market access
- Reduced transit time
- Better cold-chain control
- Flexible weekly programs
- Fast replenishment
- Small and large commercial shipments
- Access to premium international markets

It is especially suitable for:

Fresh Fruit • Berries • Pitahaya • Granadilla • Passion Fruit • Baby Banana • Red Banana • Premium Avocado • Specialty Coffee • Specialty Cacao

GLOBAL AIR CARGO

We coordinate shipments from Ecuador and Colombia to major international markets worldwide, including:

Middle East • Europe • Asia • CIS Countries • North America • Latin America

Routes are evaluated according to:

- Final destination
- Product
- Volume
- Required transit time
- Temperature requirements
- Airline capacity
- Flight frequency
- Customer delivery schedule
- Cost efficiency

SEA FREIGHT

We also provide competitive international ocean-freight solutions for larger commercial volumes.

Services Include

- Full Container Load – FCL
- Reefer containers
- Temperature-controlled transportation
- Port-to-port logistics
- Weekly export programs
- Container planning
- Palletization
- Documentation coordination
- International sea-freight rates

We provide both air and sea freight, with a particular specialization in fast international air-cargo solutions for fresh and perishable products.

COMPLETE EXPORT SOLUTION

We coordinate the complete international supply chain

Farm Selection - Product Sourcing - Quality Control - Packing - Documentation -
Palletization - Cold Chain - Air / Sea Freight - International Destination
